

Credit reference supplementary sheet

Please note that some agencies (depending on your current address) will not provide information to the credit referencing agencies.

In order to assist us, to obtain the reference, and speed the process, please ensure that when you return the reference application document to include proof of your current address.

The proof of address can be any of the following documents, that list your name and address:

- A copy of your driving licence
- A copy of your tax return, or letter from the Inland Revenue
- A copy of your telephone bill
- A copy of your water, electric, or gas bill
- A copy of your medical card
- A copy of your credit card statement

Students must provide a university letter.

Please do not send a copy of your bank statement as the credit referencing agencies do not recognise a bank statement to be proof of address, although they may request a bank statement as proof of income.
